

MOONEY PILOT SAFETY PROGRAM

NOVEMBER 1 - 3, 2019

JANDAKOT

The Australian Mooney Pilots Association (AMPA) is holding a Mooney Pilot Safety Program (PSP) at Jandakot, WA from Friday 1 to Sunday 3 November inclusive, and is seeking registrations of interest now.

This Mooney endorsed 3 day course will comprise both classroom and flying components. Participants can select both components; or just the classroom part.

We are bringing a team of Mooney experienced flight instructors, who are grade 1 instructors or CFIs with significant experience on Mooneys, and are mostly CASA authorised testing officers.

The classroom curriculum has been refreshed and the course has been acknowledged by aviation professionals in the US as one of the best of its type anywhere. It is designed to allow you to fly a Mooney better and more safely. We are sure you will benefit from the course (even if you've done it before), and thoroughly enjoy it.

The curriculum will include:

- Airspeeds & Limits – review
- Flight by the Numbers
- CASA Topic (TBA, was ops in non-controlled aerodromes at last PSP)
- Weight, Balance & Performance
- Emergency Procedures
- Analysis of Mooney Accidents
- Practical Operations
- Human Factors
- Mooney Update – the latest news from the factory
- Avionics Upgrades
- GNSS updates, SBAS, vertical guidance etc.
- Aviation physiology
- Night Flying
- Mooney Maintenance

Day one will be theory only. Days two and three will split into two streams, with half the participants flying, and the other half in the class room, alternating over 4 half day sessions.

Flight procedures are centred around demonstrating the theory covered, and are customisable between pilot and instructor to focus of areas of particular relevance to the pilot's normal operations. Our instructors are expert Mooney instructors and focus on making incremental improvements in how well you fly your Mooney. Flying sessions will be 2 sessions totalling about 2.5h, plus briefing time.

Lunches and morning/afternoon teas will be arranged, as will a Course Dinner at a popular Perth restaurant.

Course Costs will be:

Full course	\$800
• Includes ground school, flying, dinner for 1, manual	
Ground Course	\$425
• Includes ground school, dinner, no manual	
Course Manual (major update 2018)	\$120
Dinner (extras, e.g. for partners)	\$75
Non AMPA Member additional charge	\$100
• Waived if you join AMPA	

Anyone who flies Mooneys will benefit from and enjoy this course.

Please contact your local AMPA committee member, Stuart Payne, by email: stuart@mooney.org.au or phone him on 0409 397139.

MOONEY
WE LOVE TO FLY. FAST.
